

Property Committee Report, April 2022

During the first quarter of 2022, the Property Committee has moved forward on the repair of the church roof. The four small flat sections of roof around the dome and the flat section of roof on the Southwest corner of the old building will be abated of asbestos and replaced. That work is scheduled for the last week of May through the first 2 full weeks of June.

The committee is in the process of adding Sonny Bettelyoun as a member. At the present the committee consists of John Hazen, president, Zane Riding, pastor and Matthew Coady, maintenance.

The committee is awaiting the hiring of a Keeper of the House, a new position being created. This will allow the member to focus on long term projects.
