

## 2nd Quarter Property Report to Board

Sonny Bettelyoun joined the Property Committee. The committee is comprised of John Hazen, chair, Zane Ridings, pastor, Matt Coady representing maintenance and now Sonny. When filled, the KOTH position will also participate.

Both Zane and John are involved in the hiring process for the Keeper of the House position. We had good response to the job posting and some of the prospective candidates appear to be well qualified for the position. We hope to hire soon to fill that position.

The committee is focusing on gathering information on the church property for the upcoming World Cafe meeting in September when the future of the church building will be discussed.

A major roof replacement/repair project spearheaded by the committee was completed in early June. The project involved the replacement of 4 small membrane roofs around the sanctuary dome and a larger membrane roof on the Southwest corner of the old building. We are pleased with the work done.
